Footville, WI. 53537

Sidewalk Committee Update

Sidewalk Repair Issues noted in Footville after recent walking inspections include:

Uneven, broken, or very pitted concrete pads;
Projecting or missing water shutoff covers;
Sunken concrete at curb openings;
Missing concrete (gravel or grass where concrete had been located).

Repairs to sidewalks in front or adjacent to a residential or commercial property are the responsibility of the property owner.

Repairs to sidewalks at curb openings, and water shutoff valve covers are the responsibility of the Village of Footville.

Property owners will be given official notice for need of these repairs, and sixty (60) days to comply with the notice to increase the safety of pedestrians in Footville.

Addresses and hazards are listed as of most recent inspection on 7-24-2019.
